Welcome to LSB

Hello and welcome to the London School of Business (LSB). We are delighted that you are considering studying with us.

Education is a great responsibility, and we are dedicated to providing you with the best possible one you can get.

We are confident that you will find what you need with us, and enjoy your school studies.

As we are still relatively young, we do not rely on tradition but instead focus on continuous improvement and innovation within LSB from which you can profit.

Vice-Principal's Message

I am delighted that you are considering applying for our programme at the London School of Business.

I hope you will have a great time joining one of our programmes.

We work hard to give our students the best experience and the necessary knowledge to help them in the future. Our priority is to help our students find their way in life and build a great future.

Our prospectus describes what it is like to be a student at LSB in the words of the people who know it best - our students, past and present, and staff. It also gives you information about the things you would expect to see in a prospectus - our courses, services and facilities.

Despite this, a prospectus can only go so far, and the best way to gain an insight into life at LSB is to come, visit and join us. It is your choice. We wish you every success with your studies.

MBA

The Masters of Business Administration is a prestigious postgraduate qualification that provides an overview of fundamental business principles and practices. Top employers highly value it.

While MBAs are at the same level of education as any other Masters courses, they are usually studied once you have gained a few years of professional industry experience rather than straight after completing your undergraduate degree.

Completing an MBA can lead to a better salary, improved professional reputation and a massively expanded network of business contacts. If you are a graduate with ambitions for a successful Executive career, an MBA could be just what you require.

Students can choose from 5 specialised pathways as below:

- General
- Finance
- Marketing
- Human Resources Management
- International Business

An MBA often leads to a promotion and increases career development chances. Did you know that graduates from business schools in the Financial Times Global MBA Ranking (2018) gained between 44% and 182% salary increase after completing the programme?

MBA's are known and respected globally. Therefore, if you are interested in working abroad, this qualification will be beneficial – particularly as the business schools in the UK are so well valued.

The majority of MBA students are often international ones, giving you a unique chance to network with like-minded business people from diverse backgrounds.

Completing an executive MBA programme will result in a better professional reputation and a vastly expanded network of business contacts. So, if you are a recent graduate looking for a promising executive career, an executive MBA could be just what you need.
